

Structured Programming Approach

Crash Course by

Mumbai's Best Programming Teacher – **Sandeep Gupta**

Mulund: Everyday from 1st May to 5th May – 4 PM to 9 PM (including break of 20 minutes)

Vashi: Everyday from 1st May to 5th May – 10 AM to 3 PM (including break of 20 minutes)

1 or 2 Extra lectures will be taken after consulting students (for Mulund & Vashi both).

Fees: 5250/-

Early Bird Discount : 500/- if you take admission till 20th April.

Note :

1. It should be noted that this is NOT a Regular batch but a crash course batch. The focus of this batch will be on passing SPA comfortably. The main difference between regular batch and crash course would be that the number of problems covered in crash course will be slightly lesser than that of regular batch. For example where 10 problems are covered for a particular topic in regular batch, in crash course it would be 6-7 problems.
2. Even other institutes (other than Study Circle) will do the same thing BUT WITHOUT INFORMING THE STUDENT. We at Study Circle however believe in TRANSPARENCY because of which the students are informed about all this well in advance.
3. Subject will be taught from scratch assuming the student knows nothing.
4. The speed of teaching will be EXACTLY SAME as that in regular batches.
5. Fees must be paid in CASH. Fees paid is Non-refundable.
6. **If you miss any lecture because of VIVA/Submission then you may watch VIDEO LECTURE of what you have missed.**
