## ***About Study Circle Faculty***

### **Prof. Sandeep Gupta – SPA**

Prof. Sandeep Gupta, founder of Study Circle, has been responsible in perfecting programming skills of thousands of students all over Mumbai. He is renowned for his expertise in subjects like SPA, Java, Data Structures, JavaScript etc. which require programming. Since past 15 years, students all over Mumbai look for none other than Sandeep Sir when it comes to coaching for programming subjects.

### **Prof. Shantanu Pal - Maths**

Prof. Shantanu is probably the only Mathematics teacher in Mumbai University who has taught mathematics at all levels - 11th - 12th, JEE, Degree engineering & even CAT-CET. He has been teaching mathematics since last 18 years. His experience in teaching 12th standard mathematics proves very useful while teaching mathematics to degree engineering students. For his students, he is not only a teacher but also a friend, philosopher and guide.

### **Prof. Kirti – Engineering Drawing**

Kirti Sir, an integral part of Saraswati Group, has been teaching Engineering Drawing since last 20 years. Saraswati Group (also known as Bhatt Classes) is a popular name in western suburbs for coaching of Engineering Drawing. Their expertise lies in their unique teaching technique wherein every student is made to practice on tailor-made drawing boards and not notebook. Also, special sessions on CAD are held which helps students score well in their practical exams.
