

The Path Ahead...

Considering the worsening job scenario & increasing competition, it is always better to keep oneself updated with all the latest technologies & in demand skills. To stay ahead in the race, one should definitely do the following two courses. Of these two courses, one is **project-oriented** and another is **certification** course. These two courses will not only help you in your placements and MS admissions, but will also help you in your final year project. These two courses can be done by students of **any semester** and **any stream (COMP, IT, EXTC, ETRX, INSTRU, ELEC etc)**. In fact, even those students who have completed their Engineering and are looking for placement or planning to do post-graduation in India or U.S. should consider doing these courses

Project-Oriented Course

Internet Programming / Web Design

This is probably one of the best subjects which MU has kept in semester 5 (COMP & IT). In this subject, you will be learning technologies like Javascript (which has nothing to do with java), HTML5, CSS, PHP, AJAX, JSON, MONGO DB etc. Knowing this subject very well will not only help you in your exam but will also make you JOB-READY.

Certification Course

Oracle Certified Java 8 Professional (O C J P 8)

This is an online certification exam on Java conducted by Oracle. Like GRE, its score is internationally accepted. Remember you will never be giving any theory exam on java. Hence, a good score in this exam will put you ahead of others in job interviews & MS admissions.

Both the courses will be taken by Sandeep Sir

Mulund(w): 402, Takshashila Commercial Centre, Near ICICI Bank , RHB Road.
02264205700 , 9223376244 , 9821882868

Vashi: Unit no. 613 , 4th Floor , D Wing , Vashi Plaza , Sector-17.
02264402060 , 9223376244 , 9821882868

Borivali(w): 403, Landmark, Near Ganjawala Petrol Pump, S.V Road, 2 mins from station.
02228922489 , 9167738904, 9821882868

Before visiting us, kindly call the numbers given above to know our office timings.

We Strongly suggest that before taking admission, you first watch Sandeep Sir's webinar "The Path Ahead". For webinar link, please send a request message on 9821882868

P.T.O

SCHEDULE OF BATCHES

Oracle Certified Java 8 Professional (O C J P 8)

Vacation Batch – Everyday with holiday on Sunday

Mulund	15 June to 30 June - 12.15 PM to 4.30 PM (with break of 15 minutes)
Vashi	15 June to 30 June - 5.15 PM to 9.30 PM (with break of 15 minutes)
<i>One extra lecture will be conducted for Mulund & Vashi batches</i>	
Borivali	02 July to 14 July - 12 PM to 5 PM (with break of 30 minutes)

Fees: 10500 *

Early Bird Discount: 1000 if admission is taken till 10 June.

Additional Discount: 1500 if you were Sandeep Sir's student for OOPM in Sem 3.

OCJP Course Highlights :

1. Printed Notes of approximately 400 pages.
2. MCQ based test at the end of each chapter, 4 full-length mock tests, 1 online exam.
3. "Certificate of Completion" along with marks secured in 1st full-length test.
4. Project Internship for interested students.

Internet Programming / Web Design

Schedule of Regular Batches

Mulund	Every Sunday 3 PM to 6 PM	Batch will start around 15 th July 2018. Fees: 10500 * Early Bird Discount: 1000 if admission is taken till 10 June.
Vashi	Every Saturday 6.30 PM to 9.30 PM	
Borivali	Every Saturday 11 AM to 2 PM.	

* The course fee for Internet Programming & OCJP may appear more but please understand that these courses are pretty exhaustive. For example, in Internet Programming you will be studying not one or two languages but at least 4 languages. Remember, you must have paid the same fee for learning only C programming language in SPA. Similarly in OCJP too, apart from normal explanation of concepts, I will be taking lots of tests with detailed explanation of each test question. To reduce the fee burden, I strongly suggest you take advantage of "**Early Bird Discounts**".

Note :

1. The OCJP certification course is not a part of MU syllabus. The course fees for OCJP **DOES NOT INCLUDE** the certification exam fees which students have to pay to Oracle directly.
2. COMP students may not have theory exam for Web Design although it is not certain now. IT students will have theory exam of 80 marks. Both COMP & IT students will have submission of mini-project and practical exam for this subject.
3. Fees can be paid in cash, cheque or online through IMPS. **Fees paid is Non-refundable.**
